ACTIVITY REPORT FOR THE BUFFALO BICYCLES DISTRIBUTION EXERCISE

ORGANISATION SUBMITTING REPORT:

SAF-TESO

DATE OF REPORT SUBMISSION:

JULY 21, 2023

SUBMITTED TO:

WBR AND BUFFALO BICYCLES UGANDA LTD

1.0 EXECUTIVE SUMMARY/OVERVIEW.

A proposal was developed requesting for 150 (One Hundred Fifty) Buffalo Bicycles to support Community Activists and Champions to improve Service Delivery to the poorest, underprivileged, marginalized and forgotten people with no access to education, Health care and Economic opportunities across Teso Region of Eastern Uganda, where many people suffer from conflicts, poverty, war, disease and extreme human right abuse.

Bicycles are viewed as a facilitator and provider of the much-needed support for Community Activists and Champions to reach underprivileged communities and people, to empower and connect them to Education, Health Care Services and Economic Opportunities and also champion peace and unity in Communities.

On Wednesday 12th July 2023 we were delighted to receive a total of 150 Bicycles from World Bicycle Relief, NFP “WBR” handed over to the Chief Executive Director SAF-Teso Mr. Michael Anguria at the premises of Iteso Cultural Union (ICU).

2.0 BICYCLE DISTRIBUTION ACTIVITY IMPLEMENTATION SUMMARY.

This report articulates and gives a sneak peek into the exciting and life-changing bicycle distribution that took place on the 13th/July/2023 in the premises of Iteso Cultural Union (ICU) from 9:00AM to 5:00PM. The SAF Teso Team worked very hard to see to it that the Bicycles went to the intended recipients who were selected using a three factor criterion namely:

- **Vulnerability** : This was subjected in to three factorial levels namely more vulnerable, less vulnerable and able but Vulnerable
- **Impact:** The beneficiaries were also selected cognisant of that fact that SAF-TESO requested for this bicycles so that the positive impacts could be realised in the communities
- **Sustainability:** This parameter always informs all our programs and projects, thus the beneficiaries were chosen because we considered them as strategic partners, allies and community actors and champions who could be trusted and used to ensure that our community projects and programs remain sustainable.

CATEGORISATION OF VULNERABILITY BY PERCENTAGE.

Beneficiary Vulnerability Analysis		
94% vulnerable persons	4% Less Vulnerable.	2% Able persons

The Beneficiaries were from rural hard to reach areas as indicated below.

99% Hard to reach areas	1% From Urban
